Tree Planting

Richard Roati and Urban Foresters

This ceremony officially recognizes the ongoing commitment of Broadmoor-Broadway Village Urban Foresters to adopt Treat Avenue Bikeway from Manchester Street to Stratford Drive by performing regular litter cleanups, native planting projects, abating graffiti, providing work reports on the area's condition, and alerting officials of any emergency needs.

Tucson Clean & Beautiful celebrates this 301st adoption and is proud to sponsor the Adopt-a-Park and Public Areas Program, providing community service opportunities which unite public and private sectors in making Tucson a cleaner and safer place.
